## **CATEGORIES**

You can enter only one look per category with a maximum of 2 categories per person/team.

**Recycled/Reusable Materials:** Build a complete look using only recyclable/reuseable materials such as plastic bags, foil, soda cans, plastic utensils, plates, foam, paper products or plastic products. Fabric may only be used as an under base structure and will not be judged as part of the design.

**Headpiece:** Headpieces must be able to stand alone on the head. Any use of materials is allowed.

**Lighting and Technology:** The main focus of your look is the use of lighting such as electroluminescent wire (el wire), fiber optic lighting, LED lighting, phosphorescent, glow in the dark and UV reactive fluorescent materials. Can be either a complete outfit or a headpiece.

**Fringes:** Build a complete look that will create a fringed effect showing movement by using materials such as rope, string, yarn, chain, cording, fabric strips or ribbon.

**Air:** Inflatable, balloons, bubble wrap or any device such as smoke that conveys air built into a complete look.
